

Office of Superintendent Signals & Communications  
Roanoke, Virginia

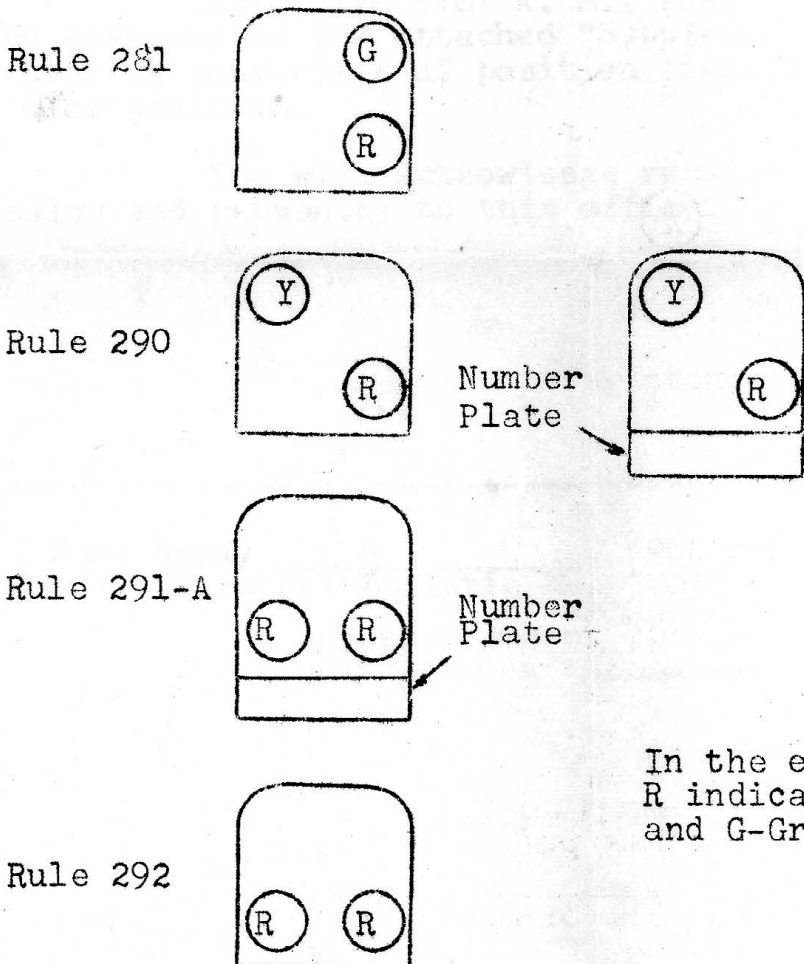

September 1, 1964

Conversion of Position Light Dwarf Signals to  
Color Position Light

SUPPLEMENT TO BOOK OF RULES

Effective this date, train and engine crews may expect to find either Position Light or Color Position Light aspects displayed at Dwarf Signal locations until the work of conversion has been completed.

Rules 281, 290, 291-A and 292, Book of Rules, are supplemented by the addition of the following aspects:

In the examples shown,  
R indicates Red, Y-Yellow  
and G-Green.

J. G. Karlet,  
Supt. Signals & Comm's.
